

Cornwall Football Development Partnership

Development Committee aim: To oversee and coordinate the planning, development, implementation, monitoring and evaluation of football development across the county, recognising the input and needs of all partners involved to gain mutual benefits for the development of football. The Committee delegates appropriate authority to the partnership working groups to implement agreed actions. Members of the Committee are elected from the Cornwall FA Council.

Partnership Working Groups: Specific areas of football development work have been devolved to working groups of interested members which will reflect all relevant partners and organisations with an interest in developing football and associated activity. Working groups can co-opt and recruit members from interested organisations and specialists as appropriate to the development of the game and the needs of the group.
