KOOLPAK®

*The UK's Leading Supplier of First Aid
and Sport Injury Products*

WELCOME TO KOOLPAK

Koolpak has been manufacturing Hot & Cold therapy products for over 20 years and we are still considered the UK's leading manufacturer of Instant Ice Packs to date. Koolpak is now widely regarded as the UK market leader in Sports Injury Therapy Products and the Koolpak name is one of the only recognised brands in the Sports and First Aid Industry.

Koolpak are delighted to be working in partnership with Cornwall FA to supply their members with our First Aid & Sports Injury products at specially discounted prices. Our products are usually only available via wholesale or online retail outlets so this agreement will make our products easily available to you at grassroots level.

Our Instant Ice Packs are now seen as an essential item in every First Aid Kit and the Kool Kid Instant Ice Pack is one of the only products recommended to be used in schools for use on children. Our products are used by both professional and amateur sports people in every sport and our Medical Kits have been endorsed by several County Associations.

We pride ourselves on the quality of our products and all the Koolpak products are manufactured to the latest ISO quality standards and they meet all of the strict requirements of the European directive on medical devices.

Koolpak is renowned for its service and commitment to customer care and we aim to deliver your order to you on a next day deliver service where possible.

Please Note: There is a £6.00 delivery charge on all orders and all prices quoted in this brochure are inclusive of VAT.

INSTANT ICE PACKS

Instant Ice Packs are now seen as an essential item in any first aid kit and because of their multipurpose use they are perfect for treating soft tissue injuries, burns and general bumps and bruises. The Original Ice Pack is perfect for wrapping around the injured area due to its longer packsize. The Sport Ice Pack can help speed up recovery time due to the lower temperature that the pack can achieve. The Kool Kids Ice Pack has been designed for smaller limbs and they are one of the only first aid items that are recommended for use in schools.

Strapping and taping techniques are some of the most important and most visible skills a physiotherapist or sports therapist working with sports men and women can have. These techniques can help prevent injury as well as protect the athlete from re-injury whilst returning to sport.

Koolpak Elasticated Adhesive Bandage

- Excellent for support and compression of predominantly soft tissue
- The elasticated adhesive bandage is easy to apply providing excellent conformity
- Ideal for finishing tape jobs when working on the ankle, knee or wrist
- Available in 3 sizes

ELASTICATED COLD BANDAGES

The Elasticated Cold Bandage combines cooling with compression which helps speed up recovery times. The bandage works by drawing the heat from the injured area through evaporation which helps reduce pain and swelling. The bandage is light weight and easy to apply and it doesn't restrict movement around the injured area.

Koolpak Elasticated Cold Bandage

- This elasticated bandage combines cooling with compression and is perfect for the immediate treatment of inflammation and bruising muscles, tendons and ligaments
- While the instant cooling relieves pain, the compression helps control the swelling around the problem area which speeds up recovery times
- The bandage is small, light and easy to use with no need for refrigeration
- Stretchy material can easily fit around any part of the body and it is a great alternative to an instant ice pack
- Bandage can remain cold for up to 2 hours

Code	Description	Qty Per Pack
KOOLB	Elasticated Cold Bandage - 8cmx2m	1
KOOLB2	Elasticated Cold Bandage - 8cmx4.5m	1

ACCESSORIES

We have a range of accessories designed to help assist with the recovery from injury and recommend that when using a Hot & Cold Packs that you use a cover to prevent the chances of heat or freeze burn due to the greater temperature achieved by these packs. The Elasticated Holster works similar to a cover but has a velcro strap which helps keep the pack on the problem area. The Sports Wrap is very popular with sports physiotherapists as it enables an ice pack to be secured to the injured area to help speed up recovery time.

RRP: £2.52
£0.78

Koolpak Hot & Cold Pack Cover

- Recommended whenever applying hot or cold packs directly to the skin
- Prevents any cross contamination from reusable hot and cold therapy packs
- Reduces risk of heat or freeze burns
