Helping our flagship clubs get even better!

Cornwall FA is proud of its Charter Standard Clubs and wants them to grow even better, so we have put together a quality programme of coaching activities and workshops exclusively for our award holders.

Based at various locations throughout the County, the programme will be accessible to all of your clubs coaches, managers and administrators.

As you are aware, it is part of the commitment to retaining your FA Charter Standard status that your club attends a minimum of either one or two in-service training events during the year, according to the level of the CS award you hold.

Cornwall FA also hopes that these events will be seen as a real benefit to your club, a reward for achieving and retaining your Charter Standard status.

Booking your place:

If you or any of your club members would like to attend the various events please contact the County Office on 01208 269010 or email development@cornwallfa.com, stating your name, a contact telephone number, the name of your club and the course you would like to book along with the number of places you require.

All events will run subject to numbers and any cancellations will be made 2 weeks prior to the start of an event.

We look forward to seeing you at one of the in-service training events soon!
